

MEDIA DATA 2024

RUTE & ROLLE

Print? Online? Social? Mobile? RUTE & ROLLE!

Fishing is undoubtedly a hobby where talking about success and failure, unforgettable fishing trips and indescribable experiences is crucial. 5 million anglers pursue their hobby every year in Germany. They travel, buy online and offline, are mobile and are well-connected. However, typical anglers are not the target group, but rather anglers from many different areas of interest: These include deep sea fishermen, predatory fish anglers, fly fishermen and carp anglers to name just a few. Each of these groups has its own preferences and responds to different messages. And each group finds its information about the best bait, the thickest fish and the next vacation destination in different ways. It's all fine and well if you have all of the necessary marketing channels available to you and can use them.

Even if print media is still very much in use, especially among anglers, the greatest potential

for us as a media company and for you as the customer is tapped into through consistently expanding digital media: We have set decisive courses in our publishing house to offer digital platforms through which anglers can find information on the one hand and through which completely new types of marketing concepts can be implemented on the other. Customers become more informed and responsible, or in short: Advertising becomes a dialog. It is about concepts, stories and almost without fail about relevance and high-quality content.

With the publishing website **www.ruteundrolle.de**, we are also offering you an interesting advertising platform.

You will find information, forms of advertising and prices as media data at **www.ruteundrolle.de**. Since we are convinced that print will continue to exist as a strong special interest medium and even has potential for expansion, we have also invested in our magazine: Absolutely contemporary when it comes to the content and look, RUTE & ROLLE is clearly moving in the direction of an experience magazine with the same high quality of practicality. In addition, we also periodically produce one-off special issues for attractive target groups. Both in print as well as online, we are moving in a very unique direction: Further towards the reader, the user, the angler.

Emotional, adventurous, entertaining, practical – all packaged extremely attractively in a refreshing modern layout: that's how beautiful print can be! The right mix and having the right counterpoint to the often hectic uncontrollable working life matters more than ever for magazines. RUTE & ROLLE is like fishing itself: A medium full of undivided attention, an adventure already on the next page and always full of surprises. You can tell by the magazine that the editors burn for their hobby, spend every free minute they have on the water and are ideally suited to translate these impressions and messages into print.

Despite all the deceleration and conversation that characterizes print in many ways these days, RUTE & ROLLE is still living off of the high level of practicality appreciated by many readers and customers and the obligation to not only keep track of the trends, but to set the trends themselves.

Fly fishing as the ultimate form of fishing deserves a magazine that meets this requirement in every respect.

With a modern layout, aesthetic pictures and creative articles, FISCH & FLIEGE has been a set fixture in the world of fly fishermen for years. This exclusive magazine appears four times per year. FISCH & FLIEGE draws on trends and news, offers many tips and helps to form opinions in the constantly growing fly fishing scene, which is characterized by its purchasing power and travel enthusiasm.

...the concept

FISCHE & FJORDE is the first regularly published fishing magazine that is dedicated exclusively to fishing in Norway. FISCHE & FJORDE appears as a 21-page special in every second edition of RUTE & ROLLE. These special editions that appear six times per year are combined to form a special Norway edition and appear in retail and specialty trade at the end of the year. For advertising customers, there are three ways to benefit from the FISCHE & FJORDE concept and to place their advertising:

- 1. Ads in the editorial environment within the FISCHE & FJORDE specials appearing six times per year
Prices: Price list page 4 (prices for RUTE & ROLLE size-based ads)
- 2. Classified ads under the category of “Travel in Norway” in the RUTE & ROLLE editions, in which the FISCHE & FJORDE special is published.
Prices: Price list page 4 (prices for RUTE & ROLLE size-based ads)
- 3. Classified ads in the ad part of the FISCHE & FJORDE annual edition
Advantage: Your ad appears at a great price in the annual edition at the best booking time for Norway travelers, which is available for sale for several months.

1. „Advertisement“ or „advertisement order“ in accordance with the following General Business Terms and Conditions is the contract regarding the publication of one or several advertisements, inserts and/or bound inserts of a promoter for the purpose of distribution in printed matter of MuP Verlag GmbH.
2. Advertising orders shall be executed within one year after conclusion of the contract. Should the right to recall individual advertisements be extended to the client, the order shall be executed within one year of the appearance of the first advertisement.
3. The publisher shall be entitled to decline advertisements and orders for insertion even after the conclusion of the contract by reason of their content, on the grounds of origin or technical form in accordance with the uniformly applicable regulations of the publisher, if such content conflicts with the law, with legal provisions, or with common moral standards, or if the publisher deems their publication unreasonable. This shall also apply to inserts and supplement contracts. They may also be declined if they would tend, through their format or layout, to create in the reader the impression that they form an integral part of the magazine or journal.
4. The publishing company shall only be bound to include advertisements in certain editions or at certain positions in case of corresponding written agreement.
5. Advertising orders are binding, if they are given in person, by telephone, in writing, or by telecopier. The information contained in the publishing company's confirmation of order is the information the publishing company uses to carry out the order.
6. The customer shall ensure the timely delivery of impeccable, suitable print documents. As a rule we receive these as data ready for print in accordance with our respective actual technical information, such as are printed, for example, in our „media data“. Print documents which deviate from this must be coordinated with the advertisement department of the publishing company in advance. A proof with binding colours and contents must be made available to the print office stated by the publishing company with the data delivery for purposes of quality control. The publishing company assumes no guarantee for colour rendition and contents in the absence of a proof.
7. Any costs for changes to originally agreed executions and for producing or data processing of necessary print documents and drawings and other print preliminary stage costs, also for cancelled advertisements, shall be borne by the customer. The print files (print documents) shall be deleted one month after publication of the magazine concerned. Other print documents shall only be returned to the customer upon special request. The duty for storage shall also end after one month.
8. Proofs shall only be supplied at the express request of the customer. The customer assumes the responsibility for the accuracy of returned proofs or contact pressures and if applicable corrections which may have been made. If the customer does not return the proof sent to him within the set deadline, the authorization to print is deemed as granted.
9. The customer shall be entitled to a reduction in payment or a substitute advertisement in case of whole or partially illegible, incorrect or incomplete printing of the advertisement, however only to the extent, in which the purpose of the advertisement was impaired. Further claims against the publishing company are excluded. Complaints must be asserted within the exclusion period of one month after receipt of invoice and voucher. A right of cancellation is granted under the condition that the cancellation is announced at least three weeks before the respective closing date.
10. In the case of box number advertisements the publisher shall bear only such liability as is customary in the publishing business for the safekeeping and timely forwarding of mail. Liability for indirect damages is excluded. Registered and express mail shall be forwarded by normal mail. Storage time for incoming mail shall be four weeks after receipt. After that time, mail received shall be destroyed.
11. No claim under the warranty or for compensation for damages shall be admitted that has not been made within four weeks after publication of the advertisement through a written notification of errors.
12. If an order is not carried out for circumstances which are beyond the control of the publishing company the customer must reimburse the publishing company the difference between the granted discount and the discount which corresponds with the actual acceptance irrespective of possible other legal obligations. In the event that the publishing company is responsible for the circumstances which prevented the performance, the obligation for reimbursement shall cease to apply.
13. Invoices are to be paid in full within 14 days from the publishing date of the relevant advertisement. Cash expenditures (such as Postages for extras) are not to be discounted. All prices exclude the legal VAT. Special agreements are only valid if written down.
14. All contracts shall be subject to the laws of Germany. For contracts between independent foreign subsidiaries and their clients, the law of the country in which the subsidiary is registered is binding. Place of performance and jurisdiction is the headquarters of the subsidiary.
15. Place of performance and judicia venue is the city of Munich.
16. In accordance with §§ 26 and 34 of the Bundesdatenschutzgesetz of 01.01.1978 we herewith give notice that we shall be employing electronical data processing for administration and invoicing of the contract. For this purpose we or a third party shall be storing personally applicable data insofar as it is of significance for the performance of the contract.
17. Where not otherwise stipulated in these »General Business Terms and Conditions Governing Advertising Orders«, our »Allgemeine Lieferbedingungen« (»General Terms and Conditions of Supply«) shall apply.
18. Any oral agreements not in keeping with the conditions for delivery and payment must be in writing.
19. If the client's billing address differs from his mailing address, the client must inform the publishing company accordingly and provide the appropriate address.
20. If one of the above conditions violates any law or regulation, the validity of none of the other conditions is affected. In such a case, the void condition should be interpreted in a manner that permits the achievement of the aim the void condition was intended to achieve.
